Liverpool Bowel Cancer Awareness Campaign

DR DHUNI SOREN
Retired Merseyside GP

आंत का कैंसर
स्क्रीनिंग से जान बचती है।
यदि आप एनएचएस से आंत्र जांच परीक्षण किट प्राप्त करते
हैं, तो यह करना महत्वपूर्ण है।
यह त्वरित, सरल और स्वच्छ है और आपके लिए किसी भी
स्वास्थ्य समस्या का निदान करेगा।

आपको आंत्र जांच
परीक्षण क्यों
करना चाहिए

In September CMCA launched a targeted Campaign within Liverpool FIT Bowel Screening, the videos are targeted to 5 areas within Liverpool that have a poor uptake of Bowel Screening testing. A toolkit with the FIT screening instructions translated into different languages, Tamil, Hindi, Bengali and Punjabi. If you need help with the campaign please contact Paul Ogden paul.ogden1@nhs.net or Moray Hayman moray.hayman@nhs.net

This toolkit can be found here:
<https://www.cmccanceralliance.nhs.uk/work/screening>

Safety Netting

Cheshire and Merseyside Safety Netting Template 2020 (C&M SNT) has been developed to provide Primary Care with a robust and auditable e-process for safety netting within the clinical system

We are seeking feedback on the C&M SNT to ensure this resource remains relevant and fit for purpose to our local geography.

We would really appreciate you taking the time to complete this evaluation survey (less than 5 minutes), please click on this link to complete:
<https://www.smartsurvey.co.uk/s/safetynetting2020/>
